

TEAM F&B – Hotel BOAT&CO – Café Restaurant Vessel

ABOUT CITY ID

Quirky, urban & ambitious. City ID is a young and fast-growing hotel chain that combines unique and locally-made hotel designs with top notch extended stay-apartments. City ID currently consists of ID Aparthotel, TWENTY EIGHT and the recently opened hotel BOAT&CO.

BOAT & CO

In the Amsterdam Houthaven district, our latest progeny opened in October 2019: BOAT&CO. The aparthotel features 82 spacious apartments with great view including two huge penthouses. Kollhoff Architects' homage to the style of the Amsterdam School also contains a Spa & Wellness area and is home to Café Restaurant Vessel led by Head-Chef Ricardo van Ede. The interior design has been taken care of by the London-based Martin Brudnizki Design Studio.

For Café Restaurant Vessel we've recruited a complete new team, however, the restaurant will open up a fine-dining restaurant and huge terraces with view over the IJ in the first half of 2020. We believe comfort food and healthy, conscious ingredients go hand in hand. Our menu is filled with modern staples, always with a twist and a lot of responsibility. Fresh, without any unnecessary ingredients or too much fuss. Local food and snacks that are good for you and the planet, mind-blowing wine and cocktails- we've got it all covered.

A master in cocktails, a barista king/queen or all-round service expert? Believe us, you don't want to miss out on this.

We care about our guests and want to create a memorable experience for them. Our mission is therefore to share value with the people, with the aim of providing the ultimate stay.
