

## **Trainee Formula/ Transition management**

Do you have a passion for food and beverages?

### **What are you going to do?**

The head office of Vermaat is located in IJsselstein. You will make the translation from commerce to the operation and implement it. You do this together with the team of formula/ transition management. As a passionate trainee you own the DNA of Vermaat and spread this to colleagues and also indirectly to our guests. From the start of a new location are you involved in the sales process and from there you and your colleagues initiate change processes. You keep an eye on the planning as well as the financial picture. You take care of that involved teams are aware of the progress and possible changes. You take along with the operation. With your stress resistance you know how to keep your head cool when several start-ups run simultaneously. For the start-up of larger locations, you would like to work hard and see from the floor where (and how) optimization can take place. Do you see a challenge in a role where you work on several projects at the same time? And are you both operational and financially trained? Then we would like to meet you.

### **Who are you?**

- You are looking for a challenging internship of 40 hours per week; You get also time for an (graduation) assignment.
- You are doing an HBO education Hotel management, Food & Business or a comparable study;
- You are a hard worker with commercial knowledge.
- Food and beverages is your passion.
- You are ambitious, customer oriented and a serious discussion partner
- You have experience in the use of Microsoft Office
- You are living in (surroundings) Utrecht

### **Who are we?**

Vermaat tailors its catering concepts to businesses, hospitals, museums, universities, professional schools, airports, and events. Vermaat also develops its own brand for the catering and retail industries. Vermaat stands for solid partnerships, personal attention and good relationships, customized work for its clients, creativity, culinary craftsmanship, and professional teams. We do all this with the utmost attention for people and the environment. Vermaat's core values are enthusiasm, growth, attention, and pride. These aren't just words — they shape our behaviour. You can recognize Vermaat employees by their personality and the way they do things for themselves and others.

### **What do we have to offer?**

Do you want to achieve your maximum potential? Never stop growing? Then Vermaat is the place for you. We give talent the space to develop yourself and we give a suitable reward. We regularly talk about your growth during your internship. What do you want to learn? And what do you want to achieve? For this internship you will receive an internship allowance of € 400 per 4-week period (on a full-time basis).

### **Excited?**

Can you convince us with your track record, but above all with your personality and drive? Reach out to us directly using the application button.
